Operator of the VAL D'ISERE ski area,

Hereinafter referred to as the "Operator".

ARTICLE 1. GENERAL INFORMATION

The present general terms and conditions apply to all ski lift Passes (hereinafter referred to as "Pass(es)") issued by the Operator, which allow access to the ski areas of Val D'Isère or its related ski area, Val d'Isère + Tignes.

The present general terms and conditions shall be applicable from 8 August 2019 and valid only for the winter season.

The Terms and Conditions of Passes valid for the summer season are defined in a separate document.

The present general conditions are supplemented by the General Terms and Conditions of Sale of the entity that engages in the sale of the Pass to the User.

Should any provision herein be found lacking, it shall be considered governed by the current practices in force in the ski lift industry and for companies whose registered office is located in France.

The acquisition of a Pass implies that the individual (hereinafter referred to as the "User") has full knowledge of and accepts all the present general terms and conditions, without prejudice to common forms of legal recourse.

IMPORTANT:

Every **Pass** issued shall result in the delivery of a **proof of purchase**, upon which the ski area and category (adult, child, etc.), its validity date limit, the Keycard number of the **ski lift pass** and any insurance subscription are mentioned.

This **proof of purchase** must be imperatively conserved by the User, who must present it to the Operator in the event of an inspection as well as to support any request (e.g. loss or theft of Pass, emergency, misuse, complaint...) on behalf of the Operator or the Company Téléphériques de la Grande Motte (STGM - operator of the Tignes ski area), if applicable.

The Pass is strictly personal and non-transferable, unless the Pass corresponds to the shortest duration on the price chart. The User is therefore responsible for retaining his Pass to ensure it cannot be used by a third party.

ARTICLE 2. INSPECTION OF PASSES

Every Pass issued on a numbered physical medium shall be used for a predetermined validity period and age category. The information on the card regarding the validity of the Pass has no contractual value. Only the information contained on the chip of the physical medium shall be binding.

All Passes allow free usage of the ski lifts in the authorised ski area during the validity period issued, without any priority whatsoever.

The validity area of the Pass is defined on the slopes/piste map for the ongoing winter season and during the ski lift opening hours, posted at the Operator's points of sale and/or at the ski lift departure area, **subject to meteorological and snow conditions.**

Any User with a Pass providing access to the ski area of Val d'Isère/Tignes must make his first passage of the day at the ski area where he bought his Pass. (Val d'Isère or Tignes, whichever may apply).

The Pass (accompanied by the **proof of purchase**) must be kept on the User during all transport via ski lift, from departures through arrivals, so it can be detected by the automatic control system or presented to Inspectors, duly appointed by the Operator or STGM, who have the right to such verification.

Should an Inspector observe the User's absence of a Pass, the usage of an invalid Pass or a User disregarding the policy regulations displayed at ski lift points, the offender can regularise the situation through an immediate transaction of payment of a lump sum in addition to any applicable fees of the ski pass.

The amount of this lump sum can equal up to **five (5) times the value of the Day Ski Pass, in accordance with applicable regulations** (Articles L342-15, R342-19 and R342-20 of the Tourism Code and Articles 529-3 et al. of the Code of Criminal Procedure).

Inspectors can demand the presentation of any documents justifying the tariff benefits granted to the User and Pass-holder in case of a reduced tariff or complementary Pass. The various age categories are systematically verified at ski lift points, signified by different illuminated colours.

If the offender is unable or unwilling to immediately pay the sum required, therein refusing to complete the transaction, an official report of the offense shall be written up by the Inspector. Should the User fail to make an immediate payment directly to the Inspector, the latter has the right to demand justification of the identity and address of the offender.

If the offender refuses or is unable to justify his identity, the inspector shall immediately report the fact to any competent officer of the national police or national gendarmerie of the appropriate jurisdiction, who may then demand that the offender be brought forth immediately.

The procedure described in the preceding paragraph shall be terminated immediately if the offender proceeds to pay all the required fees related to the transaction.

The offender has a limited time, as provided by law:

- To settle the amount of the transaction which includes:
 - o A possible payment for the Ski Pass;
 - o The lump sum payment;
 - o Administrative fees, in accordance with the provisions of article 529-4 of the Code of Criminal Procedure;
- Or to send a letter of contestation to the Operator.

If payment is not made within the legal deadline and a contestation is not filed, the offender is subject to criminal prosecution in accordance with the provisions of Article 529-5 of the Code of Criminal Procedure.

Finally, the fraudulent use of a Pass (expired, falsified, counterfeit, used by a third party...) shall result in its immediate withdrawal and, if required, the filing of legal proceedings.

ARTICLE 3. DEFECTIVE PHYSICAL MEDIUM

User instructions: To facilitate the transmission of information encoded while passing through control terminals, the Pass must be worn on the left side, preferably separate from a mobile phone, keys and any item made wholly or partially of aluminium.

The physical support must not be bent, torn, punctured or placed near a heat source.

Should the card fail to function or prove technically defective, the Operator will replace the card, at its cost, from the date of return of the latter at one of the Operator's points of sale.

However, after verification, if the defectiveness of the Ski-Card is due to the User (e.g. disregarding the user instructions), the Operator shall charge the User for the cost of replacement of the non-functioning physical medium, based on the applicable price.

In the event the defective physical medium was issued by the STGM, the request cannot be processed by the Operator.

The User must send his request to the STGM in accordance with the General Terms and Conditions of Use of Ski Lift Passes established by the latter.

ARTICLE 4. LOSS OR THEFT OF PASSES

The provisions below apply exclusively to Passes issued by the Operator.

Therefore, in case the lost or stolen Pass was issued by the STGM, the request cannot be processed by the Operator.

The User must send his request to the STGM in accordance with the General Terms and Conditions of Use of Ski Lift Passes established by the latter.

- **Information to provide**

In case of loss or theft of a Pass with a **residual duration of more than one (1) day**, the User must file the declaration at a point of sale of the Operator and present the corresponding **proof of purchase**.

- **Processing fees**

To obtain a duplicate, the User must also pay a **processing fee** at the fixed rate of ten euros including all taxes (€10.00, all taxes included.).

- **Issuing a duplicate**

- Any Pass officially declared by the User as lost or stolen to the Operator, will be deactivated by the latter and no longer allow access to the ski area.
- Subject to regulatory verifications, the same day the declaration of loss/theft is submitted to a point of sale of the Operator before the closing time of the latter, the User may pick up a duplicate (valid for the remaining time of the Pass) from this point of sale.

- **PLEASE NOTE:** Any Pass with a residual duration of less than or equal to one (1) day, declared lost or stolen, cannot result in the issuance of a duplicate pass. The same applies to other Passes for which the User cannot provide the information required for duplicate issuance, and the User is prohibited from taking legal recourse against the Operator.

ARTICLE 5. RESPECT OF SAFETY REGULATIONS

All Users are obliged to respect the safety regulations relating to ski lift transportation; notably the policy regulations displayed at the ski lift departure points, the accompanying pictograms as well as all instructions given by the Operator's staff, subject to a penalty.

The same applies to the municipal decree relating to safety regulations for ski slopes; the User is recommended to familiarise himself with the "10 rules of good conduct for ski slope users" published by the International Ski Federation (FIS).
